Dannie,

I'm forwarding you this email cause you are the primary chemist associated with these lab #'s. I have the drug receipt, card and mass spec... I will put it on your desk.

Kate,

I'm prosecuting a case that you performed the drug certs on and I just wanted to write to you to see about your availability on 3/3/11 (I called today but you were not available [REDACTED]). This case has been marked no further continuances so if you are not available perhaps a substitute chemist could come in your place. With that said, we have offered a plea to the defendant that we expect could result in this case resolving short of trial but we would still need someone present (or on phone stand by) just incase it breaks down. Hopefully that date works for you. Finally, I'm sending you a case info request form to request your notes [REDACTED] from your analysis (if you could email them to me I'd be great).

Thank you for your time in this,  
Brad Papalardo
